

W14-P1: Menu Static Page

The image shows a split-screen view. On the left is a code editor (VS Code) with the file `App_96.js` open. The code defines a component `App_96` that renders a menu with sections for title, underline, and menu items. On the right is a web browser window titled "React App" showing the static menu page at `localhost:3000`. The page features a header with the text "Our Menu - 210410196" and a grid of five categories: All, Breakfast, Lunch, Dessert, and Shakes. Below the categories is an image of a breakfast dish (eggs, avocado, bacon, vegetables). A caption "Eggs" is followed by a short paragraph of placeholder text.

```
const App_96 = () => {
  return (
    <section class="menu">
      <div class="title">
        <h2>our menu - 210410196</h2>
      </div>
      <div class="underline"></div>
      <div class="btn-container"></div>
      <div class="section-center">
        <article class="menu-item">...</article>
        <article class="menu-item">...</article>
      </div>
    </section>
  );
}

export default App_96;
```

W14-P4: Deploy to Vercel

The screenshot shows a web browser window with multiple tabs open. The active tab is displaying a menu page titled "Menu From Supabase Menu Table" for "Billy, 210410196". The page features a grid of menu items, each with a small image, title, price, and a short description. Below the grid are buttons for "All", "Breakfast", "Lunch", "Dessert", and "Shakes". The developer tools' "Console" tab is open, showing the execution path of a JavaScript function named "MenuByCategoryPage". The code retrieves menu data from Supabase, filtering it by category like "lunch" or "shakes". The browser's address bar shows the URL "1112-client-supabase-210410196.vercel.app/supa_menu_96/shakes".

The screenshot shows a GitHub repository page for "git-billy/1112-client-supabase-210410196". The repository is public and has one branch and no tags. The "Code" tab is selected, showing a list of files: "main", "1 branch", "0 tags". Recent commits are listed, all made by "Billy" on May 17, 2023. One commit is highlighted with a green checkmark and the ID "c60eabc". The repository has 0 stars, 1 watching, and 0 forks. The "About" section shows the deployment URL "1112-client-supabase-210410196.vercel.app". The "Releases" section indicates no releases have been published. The "Packages" section shows no packages have been published. The "Environments" section shows one environment named "Production" which is active.
